

Vacancy Announcement

Senior Technical Specialist, Governance & Livelihood Duty Station: Monrovia, Liberia

Fauna & Flora International (Fauna & Flora) saves species from extinction and habitats from destruction while improving the livelihoods of local people. Our guiding principles are to work with and alongside local partnerships, act as a catalyst for change, make conservation relevant, and base decisions on sound science. Founded in 1903, Fauna & Flora is the world's longest-established international conservation body; our conservation work and impact span the globe.

The Opportunity

An opportunity has arisen to join the Liberia team in a leadership role whose primary focus is to ensure that approaches to rights-based conservation and sustainable livelihoods are effectively and consistently implemented in Fauna & Flora's target landscapes and projects in Liberia. We are seeking a team player with strong interpersonal skills and sound technical knowledge and experience of developing and applying rights-based approaches in conservation contexts. In addition, you will be a highly collaborative and strategic thinker with proven experience in capacity building, project design, management and monitoring, evaluation and learning (MEL).

You will be confident in building and managing relationships with staff, partner organisations and community representatives and have the ability to work with multi-disciplinary groups. You will have a good understanding of the need for effective information-sharing, collaboration and learning, as well as a shared commitment to Fauna & Flora's mission and values. You will be passionate about supporting others to develop their knowledge and skills while being open to learning and able to quickly pick up new skills. You will have experience in applying your skills to a conservation, rural livelihoods and/or natural resource management context. In return, the role offers the opportunity to apply your skills and expertise working within a ground-breaking organisation, at the forefront of global conservation.

If interested, you can access the full job offer in <https://www.fauna-flora.org/about/career/senior-technical-specialist-governance-and-livelihoods/> and apply by submitting your Cover Letter and full CV with contact details of two references (who won't be contacted without your permission) via email to africajobs@fauna-flora.org or submit hard copies submitted in a sealed envelope to the Fauna & Flora Office in Monrovia, City Rental Compound, 5th Street, Sea Side, 1000 Monrovia 10, Liberia.

Please mark your application **"Senior Technical Specialist, Governance and Livelihood."**

The closing date for applications is **July 4, 2025**. Candidates selected for the interview will be contacted by email or telephone—please specify your preferred contact method in your cover letter. We appreciate you having a working email address, as all our conversations will be via email.

**Fauna & Flora values diversity and is committed to
equality of opportunity.**
